Work Experience

TaskUs
JUNE 2022 – March 2025

Content Moderator
- Reviewed and analyzed Instagram accounts to verify authenticity, ensuring compliance with platform policies and guidelines.
- Identified and flagged fraudulent, impersonated, or suspicious accounts, preventing misinformation and policy violations.
- Maintained high accuracy and efficiency in decision-making while handling a high volume of account review requests.

TELUS International Philippines
APRIL 2021 – JUNE 2022

CNIE Cable Locate
- Conducted precise cable locating to identify and mark the underground Telus cables before excavation projects.
- Coordinated with contractors and utility companies to prevent damage to communication infrastructure during digging operations.
- Ensured safety compliance by accurately interpreting utility maps and using specialized locating equipment.

TELUS International Philippines
JUNE 2019 – APRIL 2021

SME/Queue Specialist
- Provided expert support to team members by answering queries and resolving complex issues.
- Monitored queues and workload, ensuring efficient task distribution and adherence to SLAs.

TELUS International Philippines
JUNE 2018 – JUNE 2019

Technical Support Representative
- Assisted onsite technicians with troubleshooting and guidance during installations.
- Ensured accurate record alignment by updating system logs and verifying service details.

Collective Solution Philippines
OCT 2015 – MAY 2018

Data Entry Clerk
- Completed data entry tasks with accuracy and efficiency.
- Followed established procedures to enter and process data correctly.

📄 Project Experience

Personal Web Portfolio
Project Title: Web Portfolio
Role: ZUITT Student (Front-end Developer)

Tech Stack: **HTML, CSS, Bootstrap**

Link: https://gnarisma03.github.io/webportfolio/

- A responsive and visually appealing web portfolio showcasing my skills, projects, and expertise in web development. Built using HTML, CSS, and Bootstrap, it features a clean design, smooth navigation, and a structured project gallery. The portfolio highlights my ability to create well-structured, mobile-friendly websites with a focus on UI/UX design.

Dynamic Basketball Website
Project Title: TUNAI Basketball League - TBL Website)
Role: Independent (Fullstack Developer)

Tech Stack: **HTML, CSS, Bootstrap, JQuery, PHP, MySQL**

Link: https://tunaibasketballleague.com

- The Tunai Basketball League project is a web application designed to manage and showcase basketball league data. It features team rosters, standings, stats, match schedules, and scores, with interactive elements for users to track their favorite teams and players. Built with modern web technologies, including HTML, CSS, JavaScript, and PHP, the site offers a user-friendly interface and real-time updates to enhance the league experience.

E-Commerce API
Project Title: E-Commerce API Documentation
Role: ZUITT Student (Back-end Developer)

Tech Stack: **Node.js, Express.js, MongoDB, Postman**

Link: https://documenter.getpostman.com/view/43520837/2sB2ca7f8k

- Dynamic E-Commerce Workflow Management with order processing, real-time inventory updates, and secure authentication.

KK Fitness App
Project Title: KK Fitness App
Role: ZUITT Student (Full Stack Developer)

Tech Stack: **HTML, CSS, Boostrap, React, Node, Express, MongoDB**

Link: https://kk-fitness-app.vercel.app/login

- A full-stack MERN Fitness App with user registration, authentication, and features to add, update, and delete personalized workouts.

E-Commerce App
Project Title: NextGen Sports E Shop
Role: ZUITT Student (Full Stack Developer)

Tech Stack: **HTML, CSS, Boostrap, React, Node, Express, MongoDB**

Link: https://next-gen-eshop.vercel.app/

- A full-stack MERN E-Commerce Platform with real-time search, secure checkout, and an admin dashboard.

📑 Project Experience

MERN stack application for a Blog Application

Project Title: SupaBlog App

Role: ZUITT Student (Full Stack Developer)

Tech Stack: **HTML, CSS, Boostrap, React, Node, Express, MongoDB**

Link: https://supablog-app-bice.vercel.app/

- A full-stack blog application that allows users to register, log in, post blogs, comment, and interact with content. The platform features user authentication, blog post creation, commenting functionality, and a responsive design for a seamless user experience across devices. Built using modern web technologies and deployed online for public access.
